Technical Data Sheet (TDS)

No Stinky Products – Carpet Stain Remover

TYPE:

Proprietary liquid, aqueous silica

PHYSICAL DESCRIPTION:

Thin liquid with clear appearance. No smell.

SPECIAL PROPERTIES:

- Specifically formulated liquid for the elimination of all types of stains and odors by elimination, not masking or cover up.
- Zero VOCs – No smell during or after us of the product.
- Hypo-Allergenic & free from dyes, perfumes, oils, scents and other fragrances.
- Free from toxins & harsh chemicals
- Rapidly biodegradable

PRODUCT DESCRIPTION:

No Stinky Products – Carpet Stain Remover uses patented, proprietary technology to remove and eliminate strong odors and stains without any harsh chemicals or toxins. There is no exposure to people or animals to toxins, harsh chemicals, allergens or volatile organic compounds (VOCs).

HOW TO USE:

This product is a specifically formulated liquid product that removes and eliminates strong odors and stains through direct contact with the contaminants. Ensure the product makes contact by applying directly to the contaminants and then agitate.

- For all types of strong odors and stains, apply directly to the surface of the odor or stain with sprayer using a light mist.
- Wipe surfaces with cloth as required. Product can remain on surfaces such as walls of dumpsters, trash areas, etc.
- Can be safely used around people, animals and plants.

HANDLING PRECAUTIONS:

This product is non-hazardous, not combustible and is stable under all conditions of use and storage. Please consult the Material Safety Data Sheet for additional information.

STORAGE:

Store in plastic tanks or containers. Shipments may be in plastic bottles, 5-gallon pails, 55-gallon drums, 275-gallon plastic totes, and 330-gallon plastic totes. Storage temperature 0˚ - 60˚ C (32˚ - 140˚ F)
